Platinum Medical Care Costs and Agreements

The cost for these personalized medical services, that are beyond the usual and customary in any medical office, is

\$ 5,000.00 annually per person. Family plans are available at the cost of \$ 5,000 for each adult, \$ 3,000 for each child (up to 18 years of age) to 2 children and all additional children will be covered at \$ 2,000 per child.

With Platinum Medical Care your Personal Physician is working for you always when you need him.

These fees are NOT COVERED by Medicare and NOT COVERED by Insurance companies and HMOs, as these services are beyond the usual and customary level of care and

services offered in this or other medical practices in this geographic area.

These fees are NON-Refundable, with NO EXCEPTIONS.

These fees are payable in full at the time of signing this contract.

The fees for this plan entitles you to the Services of Platinum Medical Care mentioned elsewhere in this brochure and agreement. Additional services may be added to this agreement in future with mutual agreement.

The fees for this plan do not cover any provision of services that would be paid for by Medicare, Insurance, HMOs or other organizations that would otherwise be paid as per provision of those plans. The patient is still responsible for co-payments, deductibles and any non-covered medical services not otherwise listed in this agreement.

Disclaimer: The high level of the professional quality of medical care previously provided at High Ridge Family Practice will not change regardless of participation in this program. This program is meant only as a significant and valuable supplement to the usual and customary medical care provided by High Ridge Family Practice, LLC from Dr. Falkoff and Dr. Herbert.

The patient(s) participating in this plan recognize that Dr. Falkoff and Dr. Herbert may not be available physically at all times due to vacations and other potential occasions that may find that physician out of town. In those cases, your personal physician will still be involved in your care by your direct phone, but the covering physician may be the physician to actually see the patient..
